

cutting through complexity

ACE THE CASE

LOCAL. NATIONAL. GLOBAL.

KPMG's Ace the Case Workshop and Competition is a unique opportunity to learn how to plan, write, present and debrief a case.

Locally, Ace the Case is a 2-day workshop designed for commerce students to improve case-writing, analytical and presentation skills - great assets that can be applied to achieving both your academic and professional goals to be run on second week of September.

Winning teams from each local competition will face off against each other, to compete to represent Chile at the KPMG International Case Competition coming up this April 2015 in Dubai, Emiratos Arabes.
